

THE POCHE DAILY RECORD

SATURDAY, OCTOBER 19, 1872

LOCAL ITEMS.

A JUMPING SCRAPE.—Yesterday there was war on Lacour street, all about a lot that was about ten or twelve feet in front and diminished to a vanishing point behind—at any rate we vanished when we saw a fellow flourishing a big knife. In the various phases of the fracas, lumber raised and fell with a startling rapidity. It went up, like it used to do in White Pine when the modest sum of \$400 was the ruling price, and went down a good deal quicker. The facts of the matter appear to be these: Mr. Voss and Mr. McLane both claim a strip of ground on Lacour street, nearly opposite the Odd Fellows' Hall. Voss put up a shanty on the debatable ground. McLane pulled it down. Voss got hot; ditto, McLane; and the latter, by the persuasive influence of an Arkansas tooth pick, drove Voss from the ground. When this was done, McLane set to work and erected a house in short order, and now rejoices in holding nine points of the law, viz: possession. With the merits of the controversy, legal or moral, we are entirely unacquainted; but this we will say, that our citizens had far better settle their disputes in the Courts than take the law into their own hands. When men's passions are roused, they do many things that they afterwards bitterly regret, and would give anything to be able to recall. If any citizen is aggrieved or is deprived of his rights, he should seek redress in the Courts, and not resort to violence.

THE DIAMOND FIELDS.—We understand that the Roberts-Harpending Company have in the last few days fitted out at San Francisco an expedition of sixty men to prospect the diamond fields, said to be owned or claim by this company. A number of the men left San Francisco in the last few days and left the railroad at Palisade, Elko and other stations. Four of them are now in Pioche, and after procuring their outfit will leave for their destination where, like Sinbad, the sailor, they can pick up diamonds by the handful, more or less—principally less. Where this place is the subordinates don't know, or if they do, won't tell, for they are as mum as an oyster on that point. We doubt if the Chronicle man could get it out of them, and he is said to beat a quartz mill in his power to crack hard nuts.

FIGHT.—A couple of men had an animated discussion yesterday at the corner of Meadow Valley and Main streets. Some very forcible arguments were used, of which a six-shooter was the medium—the barrel of which was made to crouch repeatedly on the head of one of the combatants. After the set-to wash basins and sticking plaster were brought in order.

REGISTRATION is at last going on at a tolerably rapid rate. When we called at the office last evening, there were very nearly 1,500 names on the record. We are glad to see this. Let every elector qualify himself to vote on the day of election. It is a duty that should not be neglected.

OUT OF LUCK.—A drunken hound was cruising around yesterday, and if this were an incorporated town, with a regular police force, would doubtless have brought up in the calaboose. As it was, he got into one or two scurrilous, and came off second best.

SMOLDERING FIRES.—General Page informed us yesterday that he just received a letter from a gentleman in Chicago in which the writer (Mr. Warren) said he had that day lighted a cigar from the ashes left by the great Chicago fire that commenced a year ago on the 9th of this month.

DISTRICT COURT.—To-day is the regular law day, when motions and demurrers will be heard. Fuller, who pleaded guilty to murder in the second degree, will be brought before the Court for sentence.

The Members of the Pioche Hose Company will meet at the Engine House tomorrow, at 4 o'clock, p. m., for drill.

By order of
PAT. HOLLAND, Foreman.

BISHOP BROS. have just received a large and fine assortment of Perfumery, Toilet and Fancy Articles, such as Florida Water, Pomades, Hair Oil, Cold Cream, Creme de Rais, Laid's Bloom of Youth, Bazin's Tooth Paste, Steinberger's Glycerine, Honey and Elder Flower Soap, Lubin's Soaps, etc., etc., etc., which, together with a full stock of Chemicals and Medicines, they are selling at the lowest market prices.

NEW BAKERY.—Mr. Higgins, of the Arcade Bakery and Chop House, Main street, wishes his friends and the public to remember that his bakery will be in operation to-morrow. Orders for bread, pies, cakes, etc., are solicited, and will be promptly filled. Balls, wedding parties, hotels, restaurants and families supplied.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

At Burrage's Drug Store, Main street, directly opposite Lacour street, is the largest and best assortment of pure drugs and patent medicines; also perfumery, fancy goods, paints, oils, turpentine, lamp chimneys, etc.

New Goods.—Gray Peruvian Chin-chilla Suits; English Derby Corduroy Suits; Knickerbocker Fur Coats; all just received and will be offered cheap by the Pioneer firm.

Correct Geographical Time at W. Manning's Jewelry Store, opposite Wells, Fargo & Co.'s.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons. sell

NOTICE TO VOTERS.—The Registration of Voters will positively close on Monday, at 6 P. M.

T. A. STOUTENBERG, Registrar.

THE RAYMOND & ELY AND THE KENTUCKY.—With reference to the use of firearms in the ground in dispute between the above companies, yesterday Mr. Cavallier called at our office and made the following statement: That he had let a contract to sink the Kentucky shaft 50 feet deeper; it is now down 362 feet. That on Friday morning about half-past 2 three men were engaged at the bottom of the shaft removing timbers which had been placed there by the Raymond & Ely company. While doing this, a blast was let off, throwing down a quantity of dirt, and a number of shots were fired from the Raymond & Ely. Seeing the belligerent attitude of affairs the men were raised from the shaft, and the work of sinking suspended. None of the men were hurt.

SAFETY FROM FIRE.—Yesterday it was a pleasant sight to see the abundant stream of water pouring from the hydrants through the hose. It shot many feet in the air, and will in case of fire be found of incalculable benefit wherever the hydrants are placed. With the exercise of that vigilance which every citizen in justice to himself and the community ought constantly to exhibit, it is to be hoped that Pioche will not suffer any serious loss from fire for some time. In Austin, in this State, the citizens, by care and watchfulness, were exempt from loss from fire for a period of fully five years. It is to be hoped that Pioche may share a like immunity.

THE BALL.—Last night at the new hall in Halpin's building was a very gay and elegant affair, reflecting much credit on the managers. The hall being perfectly new looked so fresh and neat that it of itself invited to enjoyments. When we looked in it was being rapidly filled by a company of elegantly dressed ladies and gallant gentlemen, and things were going on as gaily as a marriage feast. The music was good and the joyous crowd were eagerly availing themselves of the opportunity to enjoy the pleasures of the dance.

WATERING STREETS.—The Horse Company were most usefully engaged yesterday, when they attached their hose to the hydrants and gave the streets one good sprinkling. The clouds of stifling dust raised by a gust of wind or passing vehicle, are a source of great annoyance to all, both pedestrians and storekeepers.

RETURNED.—We are informed that Col. Lightner, the Superintendent of the Meadow Valley, returned yesterday. We bid the Colonel welcome home and hope he enjoyed his trip to the metropolis of the Pacific.

THE SAN JOSE HOUSE, Main street, a few doors below our office, is now prepared to furnish hot and cold baths. The house is intended also for the accommodation of lodgers as soon as it is finished.

THE VENUE in the jumping case has been changed from Lacour street to the Justice's Court, and the matter or the part of it in which the State figures as prosecutor will be heard on the 23d instant.

JUSTICE'S COURT.—State vs. McClure et al.: The evidence is closed and the argument will be heard this morning. State vs. Phillips and Brown: The hearing in this case is fixed for the 23d State vs. Luna et al.: To be heard on the 23d.

MR. ROSENTHAL announces that tickets in his Christmas Lottery may be contended for at the Shooting Gallery, Main street. No charge will be made for the use of the gallery when lottery tickets are contended for.

TWO MORE DAYS only are left for registration. All voters not yet on the books should be careful to see that the time does not expire, before they have placed their names on the register.

Telegraphic Dispatches.

SPECIAL TO THE POCHE DAILY RECORD

PACIFIC COAST.

Salt Lake, Oct. 18.—The boys Purdy and Neilson, who committed the rape on a girl near Ogden some time ago, were yesterday found guilty of murder in the second degree and sentenced to hard work in the penitentiary for twenty years.

EASTERN.

New York, Oct. 17.—The National Board of Trade to-day, after an animated discussion, adopted the report of the special committee condemning the system of cornering markets, and calling on the banks to discourage loans to parties so engaged. The committee which conferred with Canadian delegates reported resolutions that the executive Council memorialize Congress for an appropriation for a commission to act in connection with the State Department in regulating the treaty for reciprocal trade with Canada on a liberal basis, which shall also include the enlargement of Canadian canals by the Government of Canada and the right of American vessels to navigate said canals on the same conditions as Canadian vessels. The resolution was made the order of the day to-morrow, and the Board adjourned.

Columbus, Ohio, 17th.—The Masonic Grand Lodge adjourned to-day, after the installation of Grand Officers. A petition from the Colored Masons of Columbus, for equal recognition with their white brethren, was presented, but was not considered for want of time.

Washington, D. C., 17th.—Attorney General Williams authorizes the emphatic denial of the statement that he intends to retire from the Cabinet after the Presidential election. His withdrawal from the Oregon Senatorial contest was for the purpose of remaining in his present position. It should be stated, on equally good authority, that Col. Bristow, Solicitor General, has no ambition to be Judge Williams's successor, it being known that he will soon retire from that office, and engage in other pursuits.

Columbia, S. C., 17th.—The Moses ticket is undoubtedly elected. Ransier, Elliott and Ramey, colored Republicans, and B. F. Perry, Democrat, are elected to Congress. The Bolters polled a strong vote, and the Democrats elected several Representatives to the Legislature.

Philadelphia, 17th.—At an informal meeting of merchants in the Chamber of Commerce, the following resolution was adopted: Resolved that a meeting of merchants, manufacturers and bankers be held on the 1st prox., at the Chamber of Commerce, to consider the expediency of petitioning Secretary Boutwell to relieve the money market by purchasing \$44,000,000 of interest-bearing debt, with the like amount of legal tenders retired by Secretary McCullough.

St. Louis, 17th.—Two-thirds of the Evening Dispatch have been sold by W. H. McKenney to D. Robert Barclay, for \$80,000. W. H. Barclay, of Pittsburgh, assumes the business management.

Parsons, Kansas, 17th.—The Missouri, Kansas and Texas Railroad will be pushed to Dennison, Texas, vigorously. 400 houses are already there.

New York, Oct. 17.—At Prospect Park to-day the double-team race was won by Honest Allen and George Wilkes, beating Plympton and Darkness. Time—2:31, 2:34, 2:37.

A conspiracy against the people of New York, based on the action of the Interior Board of Audit, at a session which lasted 15 minutes, and at which they voted away \$30,000, has been discovered, the idea being that arrangements therefor were secretly made in advance.

A telegram from an officer of high standing at Annapolis, says that the story of maltreatment and injustice to the colored cadet, Midshipman Coxyers, is wholly false.

Hartford, Oct. 17.—Republicans of this district have nominated General J. R. Hawley for Congress.

Springfield, Mass., Oct. 17.—Henry L. Daves was unanimously re-nominated for Congress by Republicans of the 11th district.

New York, Oct. 17.—The Grand Jury of Oyer and Terminer to-day presented two indictments against members of the Ring whose names have not yet transpired.

It is reported that the Herald is about to issue a German edition.

500 cigar makers are on a strike for higher wages.

450 Alsace and Lorraine emigrants arrived here on the 1st.

The Chamber of Commerce entertained the National Board of Trade to-day in an excursion down the harbor.

New York, Oct. 17.—The indictments presented by Grand Jury of Oyer and Terminer are four, including one for misdemeanor and one for forgery against Wm. M. Tweed, under which Bench warrants were issued for his arrest. It is understood the other two indictments are jointly against Tweed, Richard Connolly and A. Oakley Hall, as Judson Jarvis, Chief of the Bureau of Arrests, endeavored to-night to arrest Tweed, but failed to find him. It was rumored at a late hour that Tweed would surrender to-morrow, accompanied by bondsmen.

New York, Oct. 18th.—Havemeyer will probably be nominated for Mayor.

It is understood that scores of men whose houses were frescoed at the public expense will be proceeded against.

The Deputy Sheriff this noon announced his inability to find Mr. Tweed, after searching all night.

Washington, 18th.—The President to-day appointed ex-Governor Lucius Fairchild Consul at Liverpool, vice Thomas A. Dudley, resigned; Henry G. Striave, of Washington Territory, Secretary of that Territory; Wm. Pound, U. S. Attorney for Dakota.

Newport, R. I., 18th.—Officers of the Revenue have seized a large lot of cigars, smuggled from Havana on the schooner Pioneer, (not the Cuban Pioneer,) of New London, Conn. It appears that a systematic course of smuggling has been going on for some time.

Washington, 18th.—Another Cuban expedition is being fitted out on an extensive scale, under the auspices of the so-called General Ryan, who himself gives information of the project; but it is stated, that prominent Cuban patriots place no confidence in him.

Commander Gull has been ordered to command the Nicaragua Surveying Expedition, in place of Commander Hatfield.

New York, 18th.—A friend of Tweed stated at the Sheriff's office, to-day, that he had gone out of the city on private

business, and would appear with his bail to-day, to answer the charges against him.

Baltimore, Oct. 18.—The Right Reverend Michael O'Connor, formerly Bishop of Pittsburgh, did this morning at Woodstock College, near this city.

Toronto, Oct. 18.—The epidemic among horses has extended throughout the Dominion, seriously interrupting the business of the country. Street cars at Montreal have stopped running. More than three 300 of their horses are sick. The farmers are unable to bring to market. The disease is very seldom fatal, but recovery is slow.

FOREIGN.

Havana, Oct. 17.—A decree is issued creating new and increasing old taxes to meet the deficit in the budget, and to provide for future war expenses. It establishes a tax of \$24 on every slave hired out, double present export duties and imposes a war tax on imported goods from ten to twenty per cent. It takes effect January 1st.

Alexander Delrisco, an apothecary in remedies, has been convicted of treason and sentenced to be executed.

London, Oct. 17.—In the railway accident at Euston to-day ten cars went over an embankment and were badly wrecked; only one passenger, a lady, was killed outright; twenty-three were injured, and two or three may die.

An agitation has begun for the abolition of flogging at Newgate as a penalty for crime.

Madrid, 17th.—The end of the revolt in Ferrol is officially announced. The insurgents, fearing the result of an attack, began to disperse during the night, which was dark and stormy. Some took refuge on board vessels they had seized, and sailed for Lejos; others fled through town under fire of the troops, and about 100 were captured. The Government forces this morning entered the Arsenal, meeting resistance, and 400 insurgents, who remained within the walls, were made prisoners.

London, Oct. 18.—Severe storms to-day derange the telegraph wires.

A Berlin dispatch says through reports of jurists and counsel on the San Juan boundary question are ready, it is possible that the decision of Emperor William will be delayed some time.
